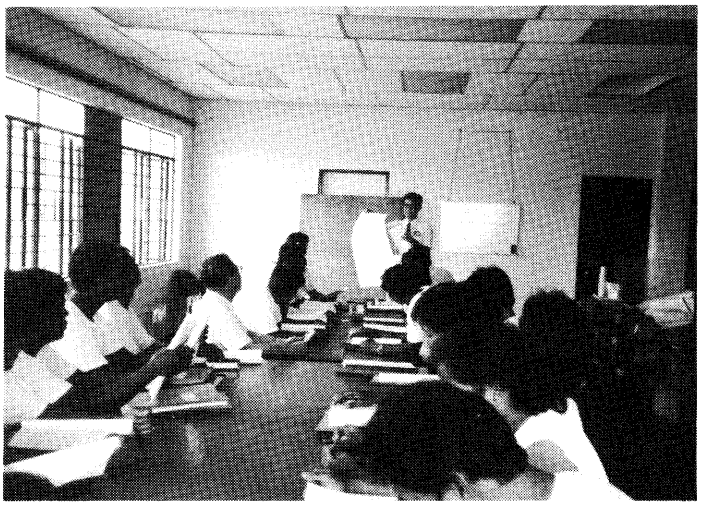
processing and the maintenance of survey equipment were focused. The number of participants in both the seminars held in Manila and Puerto Princesa reached more than 40 CGSD officers and persons concerned, who were very much interested in and intent on these subjects focused, and lively discussions and exchange of views were also made fruitfully.

Seminar held in CGSD/NAMRIA in Manila, Philippines
6 October 1992



Seminar held at Philippine Port Authority
in Puerto Princesa, Palawan, Philippines
1 October 1992
