

GROUP TRAINING COURSE
IN
PHYSICAL OCEANOGRAPHIC SURVEY
1992

The JICA Group Training Course in Physical Oceanographic Survey for the Japanese fiscal year 1992 is now taking place at the Hydrographic Department of Japan in Tokyo.

The course started on 24 November 1992 with the following 8 participants from 8 countries:

Mr. Fabian Alejandro Vetere, Naval Hydrographic Office, **Argentina**

Mr. Wu Rong, East Sea Branch, State Oceanic Administration, **P.R. of China**

Mr. Saroso, Naval Hydro-Oceanographic Service, **Indonesia**

Mr. Mohammad Reza Vaez Ghaemi, Iran Meteorological Organization, **Iran**

Mr. Huh Yong, Office of Hydrographic Affairs, **Rep. of Korea**

Mr. Abd Razak Bin Abu Hassan, Hydrographic Directorate, Royal Malaysia Navy, **Malaysia**

Mr. Sardar Jang, Port Qasim Authority, **Pakistan**

Mr. Armando B. Amolo, Coast & Geodetic Survey Department, NAMRIA, **Philippines**.

Besides lectures and practice in the classroom, an on-board-a-ship training of oceanographic observation will be carried out on the Survey Vessel SHOYO (1,900 G/T) along the observation legs from Tokyo to Kochi, Shikoku, from 11 to 14 January 1993. The participants of the course will also be engaged in the practical training of tide and tidal current observation scheduled to be made aboard the Survey Vessel TEN'YO (430 G/T) at the offing of Toba, Ise Wan (Bay), from 3 to 6 February 1993, in support of the 4th Regional Maritime Safety Headquarters in Nagoya.

From left, Mr. Sardar (Pakistan), Mr. Saroso (Indonesia), Mr. Huh Yong (Korea), Mr. Wu Rong (China), Mr. Vetere (Argentina), Mr. Abd Razak (Malaysia), Mr. Amolo (Philippines), and Mr. Reza Vaez (Iran)
