

## **NEW CHIEF HYDROGRAPHER OF INDONESIA**

First Admiral Amonaris  
New Chief Hydrographer of Indonesia

First Admiral Amonaris assumed the post of Chief Hydrographer, Hydro-Oceanographic Service, Indonesia, on 5 April 1994.

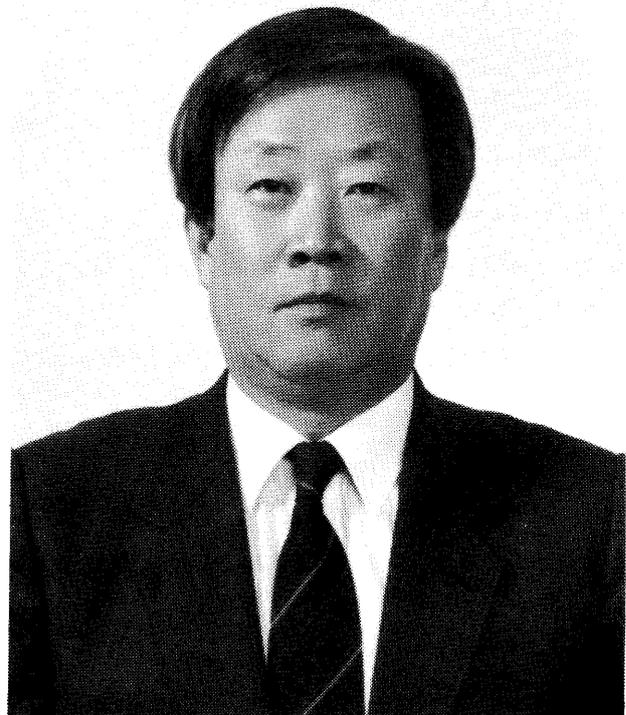

First Admiral Amonaris graduated from Indonesian Naval Academy in 1967. Since then, he has been assigned to various warships. He has knowledge and experience in the field of survey and charting. From 1975 to 1992 he served on-board research vessels, chart division, and survey division. He also served Commander of Research Vessel and Survey Unit. In 1977 he graduated from Hydrographic Survey Course and Physical Oceanographic Survey Course conducted in Japan. In January 1993, he was appointed Deputy Hydrographer of the Hydro-Oceanographic Service, Indonesia.

On this occasion, he expresses *"I realize that our region is rapidly growing in the world as a part of Asia-Pacific Basin. The growth and changes in that area will involve our EAHC region to contribute information and data for the economic benefits of the hydrographic program in EAHC regions. I believe through the relationship and spirit of mutual cooperation we can do more to carry out hydrographic program to accelerate the role in regional and national economy. I am grateful to all those who have contributed support and recommendation in term of developing our EAHC."*

## **NEW DIRECTOR GENERAL OFFICE OF HYDROGRAPHIC AFFAIRS, KOREA**

Mr. CHO, Se Yun was appointed as the Director General of the Office of Hydrographic Affairs, Ministry of Transportation, Republic of Korea, on 21 April 1994, relieving Mr. SUH, Jung Sub, who was the former Director General.

Director General Mr. Cho, Se Yun was born on 15 September 1940. He graduated the college of law, Dankook University. After joining the Office, he had been in charge of the joint survey in the Korean side between US Naval Oceanographic Office and the Office of Hydrographic Affairs, Republic of Korea, for several years. Since then, he served various important posts in this office, including Director of Oceanographic Division, Director of Survey Head of Pusan Branch Office and Director of Nautical Charting Division. For about 4 years before this appointment, he served as Director of Maritime Safety Division, and he attended various meetings as the representative of the Office of Hydrographic Affairs.
