

The first day of the 2nd meeting of the WEND Committee, 27 Feb. 1996  
Conference Room of JHD, Tokyo

### **WEND MEMBERS ENJOY TOKYO BAY CRUISE ON JHD S/V KAIYO**

Following the WEND Committee meeting, 1 March 1996, a technical tour on board the Survey Vessel Kaiyo (550 G/T) was arranged and conducted by the Hydrographic Department of Japan for participating members of the meeting.

37 participants, including their accompanying ladies, were

welcomed aboard the S/V Kaiyo by the Commanding Officer Capt. Y. Murase. The Kaiyo, which is equipped with ECDIS, left Tokyo Port at 09:30, sailed in Tokyo Bay up to E of Yokohama, and came back to the port at 12:00. The greatest interest of participants centered at ECDIS among many modern instruments on board the Kaiyo.

Observation of ECDIS equipped in the Wheel House of S/V Kaiyo, 1 March 1996
