

## ***JICA Country Focused Training Course in ENC Data Producing for the Republic of the Philippines for 2001***

The JICA Country Focused Training Course in ENC Data

Producing for the Republic of the Philippines for 2001 was carried out at the Hydrographic Department of Japan, Tokyo, from 10 September to 8 December 2001. The course objective is to obtain the data processing techniques for the compilation and updating method of Electronic Navigational Chart (ENC) based on IHO Transfer Standard for Digital Hydrographic Data with digital chart data converted from Nautical Chart(S-57). Arrangements for conducting the course are administrated by the Japan International Cooperation Agency (JICA) and supported by Japan hydrographic Association (JHA).

In this training course, 2 participants from the Philippines participated in the course being conducted at JHD.
