

Philippines Project Counterpart Training in ENC System Management

As part of the JICA project on Technology Development for Electronic Navigational Chart in the Philippines, which was launched in June 2000, the then Hydrographic Department of Japan carried out JICA Counterpart Training in ENC System Management for a month from 5 February to 8 March 2002. Mr. Rosalino C. DELOS REYES, Commissioned Officer, National Mapping and Resource Information Authority (NAMRIA), was warmly accepted in Cartgraphy Office of JHD, and under the guidance of JHD Cartgraphy Officers, he was trained for ENC system manager to study compilation of ENC, the plan of publication for ENC, management of data-

base and so on.
