

JICA Country Focused Training Course in ENC Data Producing for the Republic of the Philippines for 2002

The JICA Country Focused Training Course in ENC Data Producing for the Republic of the Philippines for 2002 was carried out at the Hydrographic and Oceanographic Department(HOD) of Japan, Tokyo, from 3 September to 29 November 2002.

The course objective is to obtain the data processing techniques for the compilation and updating method of Electronic Navigational Chart (ENC) based on IHO Transfer Standard for Digital Hydrographic Data with digital chart data converted from Nautical Chart(S-57). Arrangements for conducting the course are administrated by the Japan International Cooperation Agency (JICA) and supported by Japan hydrographic Association (JHA). In this training course, 3 participants from the Coastal Geodesy Survey Department of the NAMRIA in the Philippines participated in the course conducted at HOD/JCG.
