

JICA Group Training Course on Hydrographic Survey for 2005

The JICA Group Training Course on Hydrographic Survey (International Accredited Category B Course) for production of Nautical Charts for 2005 started at the Hydrographic and Oceanographic Department of Japan (JHOD), Tokyo, on 18th May and closed on 9th December 2005.

Arrangements for conducting the course were administrated by the Japan International Cooperation Agency (JICA) and supported by Japan Hydrographic Association (JHA).

In this training course for About 7 months, 10 participants from 10 countries, who were selected from many applicants, participated in the course conducted at JHOD.

Closing ceremony was held at JICA Tokyo, and Mr. Masashi SUE, Chief Hydrographer of JHOD, gave all participants their certificates recognized as internationally accredited category B for hydrographic survey.
